

H-index — How to find on

Google Scholar

Scopus and

Web of Science

H-index

- H-index: “An index to quantify an individual’s scientific research output”. Hirsch, J.E.
2005. An index to quantify an individual’s scientific research output. PNAS, 102(46):16569 – 16572. <https://doi.org/10.1073/pnas.0507655102> Date of access: 8 Dec. 2022.
- The h-index is an author-level metric that attempts to measure both the productivity and citation impact of the publications of a scientist or scholar. Wikipedia. <https://en.wikipedia.org/wiki/H-index> Date of access: 8 Dec. 2022.
- These 3 tools are usually used to find your H-index:
 - Scopus
 - Web of Science
 - Google Scholar
- Your h-index could differ on each database, because the publications covered by each database differ

Google Scholar Search

Noakes, T

Search

Type in your name to view your profile

If you already have a profile, it will be displayed on screen

If you do not have a profile yet, you must create one. Select **My Profile** and follow the steps or go to **Set up your Google Scholar Profile** at

<https://scholar.google.com/intl/en/scholar/citations.html>

Google Scholar Profiles

Google Scholar Profiles provide a simple way for authors to showcase their academic publications. You can check who is citing your articles, graph citations over time, and compute several citation metrics. You can also make your profile public, so that it may appear in Google Scholar results when people search for your name, e.g., [richard feynman](#).

Best of all, it's quick to set up and simple to maintain - even if you have written hundreds of articles, and even if your name is shared by several different scholars. You can add groups of related articles, not just one article at a time; and your citation metrics are computed and updated automatically as Google Scholar finds new citations to your work on the web. You can choose to have your list of articles updated automatically or review the updates yourself, or to manually update your articles at any time.

[Set up your Google Scholar Profile](#)

Your Google Scholar profile links with your personal Google account (Gmail). Sign in to continue to **Google Scholar Citations**.

Follow the steps on screen and add your personal e-mail where relevant in the registration process. Make sure your profile is **Public**.

Make changes and add documents to your profile as needed.

To edit your profile, you must be a registered user of Scopus

If you have more than one profile, you can merge them by selecting both names. Click on **Request to merge authors**. Sign in and follow the instructions on screen

Each Scopus profile has a unique Scopus ID.

Link your ORCiD with Scopus as well. (Forgotten your ORCiD? Type in your name in the search box at <https://orcid.org/> to find it.)

If your ORCiD is already linked it will be displayed in your Scopus profile.

For corrections to your existing Scopus profile, see the information at https://service-elsevier-com.nwulib.nwu.ac.za/app/answers/detail/a_id/14562/supporthub/scopuscontent/

How do I create or correct an affiliation profile?

Last updated on September 29, 2022

If you want to create an institutional profile or correct affiliation details, please contact Elsevier.

Note: Only an affiliation administrator or librarian can request corrections to affiliation details. Requests from researchers, for example, cannot be processed.

If you are a researcher and want to update the affiliation currently associated with your profile, please contact us below and select 'Author Profile Correction' as a contact reason.

The screenshot shows the Web of Science search interface. A red arrow points to the 'RESEARCHERS' tab in the top navigation bar. Below this, a dropdown menu is open, showing three options: 'Name Search', 'Author Identifiers', and 'Organization'. Red arrows point to each of these three options. A teal text box is overlaid on the interface, stating: 'You can search by selecting any of the 3 options'. The interface also includes a search input field with the placeholder text 'Name Search', a 'Clear' button, and a 'Search' button. At the bottom, there is a promotional banner for a personalized dashboard and a 'Sign in to access' button.
